Payment Method

PSEB membership fees can be paid using either of the following options:

- **Debit/Credit Card**: Secure online payment through the portal.
- **Pay Order**: Prepare a Pay Order from any bank using the details below:

Beneficiary:

6th Floor, State Life Tower, Jinnah Ave, Block L F 7/4 Blue Area, Islamabad, Islamabad Capital Territory

NTN: 2315376

Important Note

- The registration process for **SECP-registered** companies or call centers takes approximately **9 minutes**.
- For **non-SECP registered** entities (including freelancers and non-registered call centers), the process takes up to **1 working day** after submission.
- The registration duration of any PSEB-registered member will not change. Once a certificate is issued, its original registration date will remain the same. Only the year will be updated upon renewal. In case of late renewal, the certificate duration will remain unchanged.

To facilitate applicants, PSEB has uploaded a comprehensive **FAQs section**, which can be accessed below.

PSEB Registrations

1. What is IP whitelisting, and why is it required for call centers? −

IP whitelisting is the process of allowing specific IP addresses to access certain systems or networks. For call centers registered with PSEB, IP whitelisting ensures that only authorized locations and devices are used for operations, enhancing data security and regulatory compliance.

2. Who is eligible to apply for IP whitelisting under PSEB? +

3. What information is required for IP whitelisting? +

4. How can I apply for IP whitelisting with PSEB? +

5. Can I use a dynamic IP address for my call center? +

6. How long does it take to process the IP whitelisting request? +

7. Can I whitelist multiple IPs for the same call center? +

8. What if I change my internet service or IP address later? +

9. Is there any fee for IP whitelisting? +

10. Who can I contact for support regarding IP whitelisting? +

11. What should I do if I submitted my IP whitelisting request but did not receive any confirmation or update? +

12. What should I do if my provisional certificate expires before my IP is whitelisted? +

13. What if my registered office address has changed? can I still proceed with IP whitelisting? +

14. Where can I check the status of my IP whitelisting request? +

15. Can I apply for IP whitelisting if my renewal application is still pending? +

16. Is there a specific email subject or format for IP whitelisting requests? +

17. What should I do if the portal does not show an option for IP whitelisting? +
